Date Funded (first funding):	January 09, 2009	City:	Greenville
Date Repaid ¹ :	N/A	State:	South Carolina

¹If repayment was incremental, please enter the most recent repayment date.

American taxpayers are quite interested in knowing how banks have used the money that Treasury has invested under the Capital Purchase Program (CPP) and Community Development Capital Initiative (CDCI). To answer that question, Treasury is seeking responses that describe generally how the CPP/CDCI investment has affected the operation of your business. We understand that once received, the cash associated with TARP funding is indistinguishable from other cash sources, unless the funds were segregated, and therefore it may not be feasible to identify precisely how the CPP/CDCI investment was deployed or how many CPP/CDCI dollars were allocated to each use. Nevertheless, we ask you to provide as much information as you can about how you have used the capital Treasury has provided, and how your uses of that capital have changed over time. Treasury will be pairing this survey with a summary of certain balance sheet and other financial data from your institution's regulatory filings, so to the extent you find it helpful to do so, please feel free to refer to your institution's quarterly call reports to illustrate your answers. This is your opportunity to speak to the taxpayers in your own words, which will be posted on our website.

What specific ways did your institution utilize CPP/CDCI capital? Check all that apply and elaborate as appropriate, especially if the uses have shifted over time. Your responses should reflect actions taken over the past year (or for the portion of the year in which CPP/CDCI funds were outstanding).

☒ **Increase lending or reduce lending less than otherwise would have occurred.**

0

☒ **To the extent the funds supported increased lending, please describe the major type of loans, if possible (residential mortgage loans, commercial mortgage loans, small business loans, etc.).**

GrandSouth has been able to increase lending to small business customers through owner-occupied commercial mortgage loans and commercial and industrial loans over the previous twelve months.

☐ Held as non-leveraged increase to total capital.

CPP ANNUAL USE OF CAPITAL SURVEY - 2010

NAME OF INSTITUTION

(Include Holding Company Where Applicable)

GrandSouth Bancorporation

What actions were you able to avoid because of the capital infusion of CPP/CDCI funds?

Without the capital provided by the CPP funds, it is likely that GrandSouth would have chosen a strategy to aggressively reduce assets, through curtailed lending, to produce a more favorable regulatory capital ratio.

CPP ANNUAL USE OF CAPITAL SURVEY - 2010

NAME OF INSTITUTION

(Include Holding Company Where Applicable)

GrandSouth Bancorporation

What actions were you able to take that you may not have taken without the capital infusion of CPP/CDCI funds?

Continue funding of new loans, including loan customers that were being forced out of competing banks' portfolios as competitors pulled back from the market to conserve capital.
